

Are you a small voluntary and/or community group helping people living with dementia and/or their informal carers/ families?

Who are we? We are Shropshire, Telford and Wrekin Dementia Action Alliance, and we want to give you a little help!

Living Well with Dementia We know, from working with people living with dementia and/or their informal carers/ families, that small voluntary and community 'friendship' groups are a very important aspect of their lives and help them play a more active part in society.

Small grants We also know that many groups for people affected by dementia and their carers are run 'on a shoestring', to say the least. So, we are looking for small groups/services who think a small grant of up to £250 could make a difference to them. You may want to have some printing or copying done; buy tea and coffee (and biscuits!) for the year; put it towards costs of a special event or pay room rental for your group. Our previous small grants have helped groups to enhance the well-being of those living with dementia by empowering community initiatives. If you think this is your group, we would love to hear from you!

Contact us If you are interested, e-mail us, on the address below, giving

- your details and role
- the name, address and e-mail details (if they differ from yours) of the group
- What the group does
- And what purpose you would use the money for (no more than 15 lines)

If you think this does not apply to you but you know a group that might 'fit the bill' please share this with them. Groups must be within the Shropshire, Telford and Wrekin Boundary and active currently. The success of any bid will depend on the overall number of applicants and proposed purpose/ priority and will be decided by the STW DAA board. All groups will be invited to join the Shropshire, Telford and Wrekin Dementia Action Alliance – its free. Find out more on our website
